What happens at a Public Hearing? At the public hearing, the Chair will open the hearing and invite all interested parties to direct their testimony and evidence toward the regulations found in the Medford Land Development Code, specifically the criteria that apply to this project. The applicable criteria are included with this notice. You are invited to speak at the hearing stating why you favor or oppose this proposal. You may also write a letter to the Commission prior to the hearing that can be submitted as a part of the public record. You must provide oral or written testimony to have standing; standing gives you the legal ability to appeal a decision that is made by the Commission on this project. Oregon Revised Statutes state that failure to raise an issue in a hearing, either in person or by letter, or failure to provide statements or evidence sufficient to afford the Commission an opportunity to respond to the issue precludes appeal to the Land Use Board of Appeals based on that issue.

If you would like to testify but are unable to attend in person or submit written comments, you may participate virtually or by telephone. Please contact the Planning Department at 541-774-2380 at least three business days in advance of the hearing to make arrangements.

Please be aware that communications made through Email and Messaging systems shall in no way be deemed to constitute legal notice to the City of Medford or any of its agencies, officers, employees, agents, or representatives, with respect to any existing or potential claim or cause of action against the City or any of its agencies, officers, employees, agents, or representatives, where notice to the City is required by any federal, state or local laws, rules, or regulations.

Respectfully,
